## Tiny Love Magical Tales Gymini TO0970708

The Magical Tales™ Black & White Gymini is a stylish activity gym, designed especially to support newborn development. With 18 developmental activities and interactive toys, it encourages baby's skills as they naturally play. Its contrasting black and white details provide visual stimulation for newborns from day one. The adjustable arches can be easily arranged in a variety of ways, or removed, to enhance your baby's developmental environment for the ultimate tummy time experience.

Let your little one explore the shapes on the soft black and white book or marvel at their own reflection in the mirror while practicing tummy time. The spacious and cozy play area let's babies stretch and experiment with movement and roll over. The playmat's variety of textures, sounds and features provide ongoing auditory and tactile stimulation.

Through interactive play with the musical hedgehog, playful plush cloud, wind chime badger and crinkly peek-a-boo tree, your baby can develop cognitive skills such as "cause 'n effect" and object permanence.

With the help of our experts, we put together a comprehensive Developmental Guide, which is included with your Black & White Gymini. Based on our unique 7 Development Wonders system, this 36-page guide helps you to get the most out of your loved one's new activity gym. Discover fascinating facts about your baby's development, including how to stimulate his or her innate desire to explore, and use our best play tips—suitable from day one!

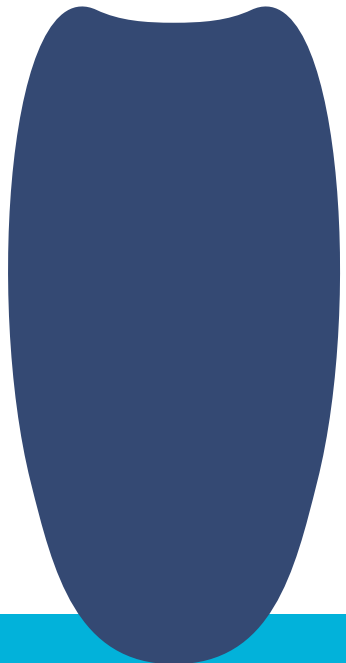

- Adjustable arches create a multi-mode activity mat
- Features 18 developmental activities and interactive toys
- Playmat is ideal for tummy time
- Baby-activated musical toy with 3 melodies
- Mirror encourages self-recognition
- Soft take-along book
- Easy grip teether included
- Playmat can be used as a changing pad and is machine washable for an easy clean

## Safety 1<sup>st</sup> Smooth Ride Travel System TR378EELG

The Smooth Ride Travel System Stroller makes strolling easy with everything you need to truly enjoy your time when out and about with your baby and none of the hassles other strollers are known for. The agile wheels provide maximum maneuverability around corners, and the flip-flop friendly brakes make it simple to put the stroller into park. The canopy provides super-sized coverage and includes a special flip out visor when you want to give your child some additional protection. The canopy also features a large peek-a-boo window that gives you an easy view during the stroll and provides your little one with better airflow as they enjoy the ride.

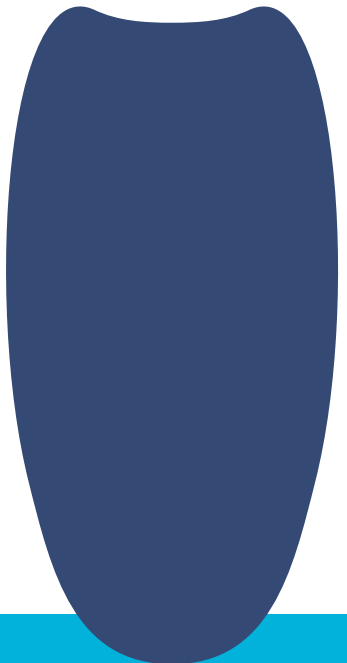

QuickClick<sup>®</sup> lets you securely attach the car seat to the stroller with one simple click, making it easy to use the car seat and stroller together as a travel system. The included onBoard™35 LT infant car seat provides your baby with a superior fit for superior safety while traveling. The 4 harness heights are spaced right to give your child a better fit all the way from 4-35 pounds. The buckle adjusts in two ways so that you can customize not only the length, but also the buckle's position on your child. The seat has also been designed for a better reclined body position to give your baby a safer ride.

Both you and your child will have room for everything you need along the way with the Smooth Ride Stroller Travel System. The parent and child trays are perfect for smaller items you'll want to keep close by, and larger items will fit easily into the extra-large storage basket. When you're done for the day, there's no struggling to fold the stroller thanks to the lift-to-fold design. It's as simple as: Lift. Fold. Done. The stroller also stands when folded, making it easier to store away. With the Smooth Ride Travel System Stroller, strolling is made easy so you and your little one can focus on the fun.

- Agile stroller wheels for maximum maneuverability
- Super-sized canopy with flip out visor and peek-a-boo window for better airflow
